

Who We Are

The Wisconsin Equine Practitioners' Association Inc. was formally organized in 1964 by Drs. Howard Cook, A.E. Moats Sr. and Merrill Culham. We are an organization of veterinarians from Wisconsin and surrounding states who are dedicated to promoting the health and welfare of the horse. WEPA Inc. accomplishes its objective by holding semi-annual, day long, reasonably priced continuing education seminars for equine as well as mixed practice veterinarians. Our fall scholarship meeting was expanded to provide funds for educational scholarships to veterinary students interested in pursuing further knowledge in the equine industry.

Agenda

Friday, October 26th, 2018

7:45-8:15 AM Registration and Breakfast

8:15-9:30 AM "Dental Anatomy/Oral Exam" - Dr. Molly Rice

9:30-9:45 AM Break

9:45-11 AM "Obtaining Diagnostic Dental Radiographs" - Dr. Travis Henry

11-12:15 PM Lunch & Business Meeting

12:15-1 PM Lay Dentistry Sedation Discussion

1-5 PM Dental Lab

"Dental Anatomy, Nerve Blocks, Radiography" on cadaver specimens - Dr. Rice/Dr. Henry

"Oral Exam, Radiographs" on live horses - Dr. Rice/Dr. Henry

What to expect:

Get ready for a full day of dentistry focused continuing education & wet lab at the Fall 2018 WEPA Inc. meeting! Lectures will focus on dental anatomy pertinent to a thorough oral exam along with a discussion on procedures and interpretation of radiographs. In the afternoon, a wet lab offers the opportunity to apply knowledge gained in the morning lecture. Also developing skills for an oral examination and obtaining radiographs.

Featured Speakers

Dr. Molly Rice, DVM, DAVDC/Eq

Dr. Travis Henry, DVM, DAVDC, DAVDC/Eq

What to bring:

Please bring your own lead apron and head light. Also please bring a generator and digital radiography system if available from your practice.

A DR system will be available for use, however, it may be of benefit to use a familiar system to gain comfort or get additional instruction where desired.

CE credits applied for; breakfast and lunch will be provided. Please contact us with diet restrictions.
