

Who We Are

The Wisconsin Equine Practitioners' Association Inc. was formally organized in 1964 by Drs. Howard Cook, A.E. Moats Sr. and Merrill Culham. We are an organization of veterinarians from Wisconsin and surrounding states who are dedicated to promoting the health and welfare of the horse. WEPA Inc. accomplishes its objective by holding semi-annual, day long, reasonably priced continuing education seminars for equine as well as mixed practice veterinarians. Our fall scholarship meeting was expanded to provide funds for educational scholarships to veterinary students interested in pursuing further knowledge in the equine industry.

Agenda

Saturday March 2nd, 2019

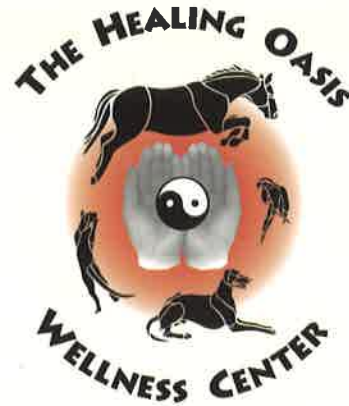

- 7:45-8:15 AM Check-in/Breakfast
- 8:15-10:15 AM What are Manual Therapies?
- 10:15-10:30 AM Break/Case Discussion Time
- 10:30-12:30 PM Thoracic Limb Biomechanics, Basic Neuro-Anatomy of the TMJ
- 12:30-1:30 PM Lunch/Business Meeting
- 1:30-3:30 PM Massage and Rehabilitation Therapy-the Basics
- 3:30-4:00 PM Clinic Tour/Break
- 4:00-5:00 PM Lab: Demonstration and Hands on for VSMT and Rehab/Case Discussion

7 hrs. of RACE Approved CE

Breakfast and lunch will be provided.
Please contact us with diet restrictions.

What to expect:

Come prepared for lectures, lab, and case discussion on manual therapies to assist in diagnostics/treatment of lameness and optimizing the performance of the equine athlete. This lecture series will touch base on neuro-anatomy and applied manual therapies for massage and rehabilitation. The lab will provide hands on examples of veterinary spinal manipulation therapy such as motion palpation & adjustment, massage techniques, and exercises to improve range of motion.

Featured Speaker

Pedro Rivera, DVM, FACFN, DACVSMR, FcoAC
